SECTION I
GENERAL INFORMATION

A. Summary Statement

The Maryland State Law Library is seeking multi-step competitive sealed bids for a consultant to develop an application system to manage and retrieve large Digital Collections, while ensuring public access to its unique legal and government documents collections and preserving these materials for future generations of researchers.

B. Background

The Maryland State Law Library has a number of print collections that it wishes to digitize. These collections include: state government task force reports, bill files, rules committee meeting minutes, and other monographs and serials in the public domain. At this time these documents are only available in print and many are available only at the State Law Library. To enable greater access to these collections the Library plans to digitize these collections and make them publicly available via the Internet.

Because of the nature of legal research, the Library requires sophisticated search and retrieval software to access these collections. The Library requires a system that allows for the following: searching of individual collections; limiting and expanding searches using metadata fields; searching with both legal and colloquial terminology; and pinpointing search terms within a document.

For example, a person may need to search for task force reports and rules committee minutes on the topic of the death penalty. The researcher will first need to limit the search to these two collections. He or she may also wish to search for information from 1990 to present. Because terminology from the rules committee may differ from the language of task force reports, a thesaurus will assist the user in searching for both the phrase “death penalty” and “capital punishment.” Finally, because the collections are so large, the system needs to not only identify relevant documents but also highlight exactly where in the documents the search terms are found.

For the purpose of this Agreement, the following definitions shall apply:

4.1 "Materials" means reports, programs, documentation, models, methods, techniques, presentations, drawings, studies, specifications, estimates, tests, software, designs, graphics, computations, and data provided by the Contractor.

4.2 "Products" means (i) a machine, its features, conversions, upgrades, elements, or accessories, or any combination of them, provided by the Contractor, and (ii) any of the following provided by the Contractor: machine readable instructions, a collection of machine readable data, such as a database; and related license Materials, including documentation and listings, in any form.

4.3 "System" means the system as provided by this Agreement.

4.4 "Type I Materials" means Material that is created under this Agreement.

4.5 "Type II Materials" means Material existing before this Agreement, or developed during, but independent of this Agreement, in which the Contractor or third parties have all right, title, and interest.

5. Ownership and Rights in Data

5.1 The Contractor agrees to furnish the AOC with copies of the following (all of which, for purposes of this Agreement, shall be deemed Type I Materials): computations, computer files, data, model(s), transmittal letters, response letters, and all other documents or correspondence pertinent to the operation of the System produced or received as part of this Agreement. In addition, all hardware and Type I software necessary to the System's performance in accordance with the terms of this Agreement are, and shall remain, the exclusive property of the AOC. Licenses for all Type II Materials (e.g., "off the shelf" software) shall be provided to the AOC with all rights to use the Type II Materials. The Contract shall provide to the AOC copies of all end user software licensing agreements for all Type II Materials, which licensing agreements shall be in accordance with the OEM's standard software license, paid-up licenses through the maintenance period (no upgrades included thereafter), and provided at no additional cost to the AOC. Nothing in this Agreement shall prevent the Contractor from utilizing any general know-how, techniques, ideas, concepts, algorithms, or other knowledge acquired or developed during the performance of this Agreement on behalf of itself and its future customers.

5.2 The AOC shall be the owner of all Type I Materials and shall be entitled to use them without restriction and without compensation to the Contractor other than specifically provided in this Agreement. The Contract shall have no liability or responsibility for use of the Type I Materials by the AOC beyond their specified use as part of the System as provided by the Contractor in accordance with this Agreement. The Contractor may retain one copy of the Type I Materials, but may not, without prior written consent of the AOC, be entitled to use, execute, reproduce, display, perform, distribute (internally or externally) copies of, or prepare derivative works based on Type I Materials or authorize others to do any of the former. The AOC may duplicate, use, and disclose in any manner and for any purpose whatsoever, and allow others to do so, all Type I Materials.

5.3 The Contractor agrees that, at all times during the terms of this Agreement and thereafter, the Type I Materials shall be "works for hire" as that term is interpreted under U.S. copyright law. To the extent that any Type I Materials are not works for hire for the AOC, the Contractor hereby relinquishes, transfers, and assigns to the AOC all of its rights, title, and interest (including all intellectual property rights) to all such Type I Materials created under this Agreement, and will cooperate with the AOC in effectuating and registering any necessary assignments.

5.4 The AOC shall retain full ownership over any materials that it provides to the Contractor under this Agreement.

6. Warranties The Contractor hereby represents and warrants that:

6.1 It is qualified to do business in the State of Maryland and that it will take such action as, from time to time, may be necessary to remain so qualified;

6.2 It is not in arrears with respect to the payment of any monies due and owing the State of Maryland, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;

6.3 It shall comply with all federal, State and local laws applicable to its activities and obligations under this Contract;

6.4 It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

7. Patents, Copyrights

7.1 If the Contractor furnishes any design, device, material, process, or other item which is covered by a patent or copyright or which is proprietary to or a trade secret of another, the Contractor shall obtain the necessary permission or license to use such item or items.

7.2 The Contractor will defend or settle, at its own expense, any claim or suit against the State alleging that any such item furnished by the Contractor infringes any patent, trademark, copyright, or trade secret. The Contractor also will pay all damages and costs that by final judgment might be assessed against the State due to such infringement and all attorney fees and litigation expenses reasonably incurred by the State to defend against such a claim or suit.

7.3 If any products furnished by the Contractor become, or in the Contractor's opinion are likely to become, the subject of a claim of infringement, the Contractor will, at its option and expense: a) procure for the State the right to continue using the applicable item, b) replace the product with a non-infringing product substantially complying with the item's specifications, or c) modify the item so that it becomes non-infringing and performs in a substantially similar manner to the original item.

7.4 If the Contractor obtains or uses for purposes of this Contract any design, device, material, process, supplies, equipment, text, instructional material, services or other work, the Contractor shall indemnify the State, its Officers, agents, and employees with respect to any claim, action, cost, or judgment for patent, trademark, or copyright infringement, arising out of the possession or use of any design, device, material, process, supplies, equipment, text, instructional material, services or other work covered by any Contract awarded.

8. **Non-hiring of Employees** No employee of the State of Maryland or any unit hereof whose duties as such employee include matters relating to or affecting the subject matter of this Contract shall, while so employed, become or be an employee of the Contractor.

9. **Disputes** Any claim regarding the proper interpretation of this agreement shall be submitted, in writing, to the procurement officer, and shall be resolved pursuant to the requirements set forth in the PROCUREMENT POLICY FOR THE JUDICIAL BRANCH, Article VI, "Protests and Claims," published at <http://www.courts.state.md.us/procurement/procurementpolicy1-02.pdf>. Pending resolution of a claim under the provisions of that Article, the Contractor shall proceed diligently with the performance of the Contract in accordance with the Procurement Officer's decision.

10. **Maryland Law** The place of performance of this Contract shall be the State of Maryland. This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland.

11. **Amendments** Except as provided in section 2, any amendment to this Contract must first be approved in writing by the Procurement Officer, subject to any additional approvals required by State law.

12. **Non-discrimination in Employment** The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, marital status, national origin, ancestry, or physical or mental disability unrelated in nature and extent so as reasonably to preclude the performance of such employment; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

13. **Contingent Fee Prohibition** The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency working for the Contractor to solicit or secure this agreement, and that it has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide salesperson, or commercial selling agency, any fee or other consideration contingent on the making of this agreement.

14. **Non-availability of Funding** If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal year of this Contract succeeding the first fiscal year, this Contract shall be

canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's rights or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

15. Termination for Cause If Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State's option, become the State's property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages.

16. Termination for Convenience The performance of work under this Contract may be terminated by the State in accordance with this clause in whole or, from time to time, in part whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract; however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination.

17. Delays and Extensions of Time The Contractor agrees to perform this agreement continuously and diligently. No charges or claims for damages shall be made by the Contractor for any delays or hindrances, regardless of cause, in the performance of services under this Contract. Time extensions may be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a State contract, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or the delay of a subcontractor or supplier arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractor or supplier.

18. **Suspension of Work** The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

19. **Pre-existing Regulations** The applicable statutes and regulations of the State of Maryland in effect at the time of this agreement are incorporated in this agreement.

20. **Financial Disclosure** The Contractor shall comply with the provisions of Section 13-221 of the State Finance and Procurement Article of the **Annotated Code of Maryland**, which requires that every business that enters into contracts, leases, or other agreements with the State of Maryland during a calendar year under which the business is to receive in the aggregate \$100,000 or more, shall, within thirty (30) days of the time when the aggregate value of these contracts, leases or other agreements reaches \$100,000, file with the Secretary of State of Maryland certain specified information, to include disclosure of beneficial ownership of the business.

21. **Political Contribution Disclosure** The Contractor shall comply with the provisions of which require that every person that enters into contracts, leases, or other agreements with the State of Maryland, including its agencies, or a political subdivision of the State during a calendar year under which the person receives in the aggregate \$100,000 or more, shall, on or before February 1 of the following year, file with the State Administrative Board of Election Laws certain specified information to include disclosure of political contributions in excess of \$500 to a candidate for elective office in any primary or general election.

22. **Retention of Records** The Contractor shall retain and maintain all records and documents relating to this Contract for three (3) years after final payment by the State hereunder or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, including the Procurement Officer or the Procurement Officer's designee, at all reasonable times.

23. **Liability for Loss of Data** In the event of loss of any data or records necessary for the performance of this Contract, which such loss is due to the error or negligence of the Contractor, the Contractor shall be responsible, irrespective of cost to the Contractor, for recreating all such lost data or records in a manner, format, and time-frame acceptable to the Department.

24. **Cost and Price Certification** By submitting cost or price information, the Contractor certifies to the best of its knowledge that the information submitted is accurate, complete, and current as of _____. The price under this Contract

and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of _____ was inaccurate, incomplete, or not current.

25. Subcontracting and Assignment The Contractor may not subcontract any portion of the services provided under this Contract without obtaining the prior written approval of the State, nor may the Contractor assign this Contract, or any of its rights or obligations hereunder, without the prior written approval of the State. Any such subcontract or assignment shall be subject to any terms and conditions that the Department deems necessary to protect the interest of the State. The Department shall not be responsible for the fulfillment of the Contractor's obligations to subcontractors.

26. Indemnification

26.1 The Contractor shall indemnify the AOC against liability for any suits, actions, or claims of any character arising from or relating to the performance of the Contractor or its subcontractors under this.

26.2 The AOC has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim, or action of any character is brought by any person not party to this Contract against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this

26.3 The AOC has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations under this Contract.

26.4 The Contractor shall immediately notify the Procurement Officer of any claim or suit made or filed against the Contractor or its subcontractors regarding any matter resulting from or relating to the Contractor's obligations under the Contract, and will cooperate, assist and consult with the AOC in the defense or investigation of any claim, suit, or action made or filed against the AOC as a result of or relating to the Contractor's performance under this Contract.
